

Citizen Recipient

Brian Madden

Brian Madden is familiar and an inspiration to many families and students in Lake Oswego. He is the current PTO president at Lakeridge Middle School. Brian also serves as the head coach of multiple student sports. He is known for his contributions to successful fundraisers—helping to raise more than \$350,000 for Westridge and Lakeridge Middle School over many years. As a tireless volunteer, Brian has dedicated more than two thousand hours of volunteer service and coaching

for over eleven years in Lake Oswego School District. Brian’s fans assert, “It would take a team of people to replace this one man.”

Brian’s selfless attitude towards volunteerism is evident in his own words, “Lake Oswego is such a great place to raise a family, and it has been my privilege to be an active volunteer in our community. I have the honor of sitting on the Lake Oswego Schools Foundation Board, volunteering on numerous PTO Exec Boards, and to have had the wonderful opportunity to coach so many Lake Oswego athletes in hundreds of games in little league baseball, rec and renegades club softball, soccer, basketball, and club volleyball.”

Brian encourages all of us: “Lake Oswego is home to so many gifted and talented people and I would like to challenge anyone watching this video to follow your passions and get involved within our community. Join an organization, have fun, and make a difference by volunteering your Service above Self.”

It is Lake Oswego’s great fortune that Brian concludes “This is not the end of my volunteer service. It is just the beginning.”
