

## Student Recipient

**Nancy Anderson**

**N**ancy Anderson and Kylie Morrissey are co-winners of a student SASEE Award. Nancy is a junior and Kylie is a senior at Lakeridge High School. Together, they co-founded a Crafts Club at Lakeridge High School. The club meets weekly to make beautiful jewelry and sell the jewelry as a fundraiser. All of the proceeds are donated to Doernbecher's Children's Hospital at OHSU.

As co-founder of the Crafts Club, Nancy invests about two hours weekly, making jewelry during and outside of meetings to ensure that there is enough to be sold. All of the jewelry is sold with the intention to support children in need. Nancy is extremely patient with other club members and is invested in earning money to donate.

Nancy provides community service in many additional ways. She is a counselor at the Teen Lounge, volunteers at the Lake Oswego Booktique, and is one of the student interns who have supported the 2022 SASEE program. Nancy is also the Secretary of Lakeridge HS's Green Team. On the Green Team, she helps organize meetings, researches ways in which students can help the environment, and attends volunteer opportunities through the club, such as ivy pulls and trash clean-ups.

Nancy says, "After visiting OHSU Doernbecher, we wanted to raise money for the hospital and the children and do this by making handcrafted jewelry and then selling it. All proceeds go to the hospital. I didn't think it would be this successful, so I am very grateful! This has been such a rewarding and fun experience."
